

**Bridge Fund Management Limited**

**Integration of Sustainability Risks on Investment decision making process**

**Blueglen Funds ICAV**

### **EU Sustainable Finance Disclosure Regulation**

The Sustainable Finance Disclosure Regulation ('SFDR') entered into force on 10 March 2021. The Regulation requires managers to better inform end-investors with regard to the integration of sustainability risks, the consideration of adverse sustainability impacts, the promotion of environmental or social characteristics, and sustainable investment, as applicable.

This document specifically addresses Article 3 of SFDR: "Financial market participants shall publish on their websites information about their policies on the integration of sustainability risks in their investment decision-making process." None of the sub-funds under the Blueglen Funds ICAV i.e. Blueglen European Credit Fund I, Blueglen European Credit Fund II – 24, Blueglen Opportunities Credit Fund I (the "**Credit Funds**") have sustainable investment objectives nor do they promote environmental or social characteristics. As a result, the Credit Funds do not fall within the scope of Regulation (EU) 2020/852 of the European Parliament and of the Council on the establishment of a framework to facilitate sustainable investment. The investments in which the Credit Funds invest do not take into account the EU criteria for environmentally sustainable economic activities
